

Wholesale Pricing Sheets

Portland's wholesale pricing sheets are emailed on a daily basis, showing the previous working day's closing prices. Each sheet offers varying levels of detail, depending on your requirements. This data can be used to benchmark daily/weekly lagged supply quotes and monitor variance in supplier premiums.

Portland Bronze, our most basic subscription, lists diesel and Brent Crude prices with daily changes and a 12 month diesel graph. Portland Silver shows prices for diesel, gasoil, petrol and Brent Crude with daily changes, plus weekly-lagged (previous week's average) diesel prices. It also includes 12 month diesel, petrol and Brent Crude graphs.

Portland Gold is a bespoke pricing sheet, tailored exactly to your needs. Let us know your requirements and we will put together a mock-up and quote. Finally, we also provide specialist wholesale Marine and Retail fuel sheets, with examples available on request. Examples of our Bronze and Silver sheets are below:
